Paints and Ancillaries

Macksons Paints Pvt. Ltd

In an industry where innovation must infuse with a clear focus on customer needs and technology, Multilac has emerged an industry leader, bringing it all together, paving the way for a proudly Sri Lankan made product that meets the stringent quality standards of the global market place.

For the last 25 years, Multilac has been at the forefront of the paints and surface coatings industry in Sri Lanka. Proudly Sri Lankan, yet renowned for international quality products, Multilac has carved a role for its commitment to customer needs, research and development and world class quality.

Macksons Paints, manufacturers of Multilac, commenced operations in 1981 - in 2004, the company obtained SLS standards. In the same year, the company received ISO 9001 and later the ISO 14001 certification, confirming its procedures to be on par with the best in the world.

During a journey that spans 25 years, the Multilac product range, developed to meet changing customer dynamics, has been able to successfully market its specialized surface coatings and high quality paints, taking on global giants, emerging a trail blazer.

In recognition of its outstanding achievements, Multilac has been rewarded many a time. Awarded the Export Brand of the Year, the Best Sri Lankan Enterprise and the Presidential Export Award, Multilac has remained at the pinnacle, as Sri Lanka's largest exporter of paint. Multilac products have put Sri Lanka on the map in the surface coatings industry with exports to China, Australia, India, Maldives, Myanmar, Pakistan and the Middle East.

Multilac's research and development team works with the leading chemical giants such as BASF and Beyer of Germany, Rohm and Haas of USA, Good Year Pliolite and Eliokem of France.

Multilac is the clear choice for those seeking to incorporate quality and long lasting durability into their surface protection. The country's M1 contractors use Multilac for high quality and delivery.
