Commercial offer.

We offer you the products of LLC "Khmelnitskiy plant of skimmed milk powder" Milk Visit "

To the competitive advantages of our products, we attribute strict adherence to GOST standards for raw materials that are used in production and final products: in our production we do not use hydrogenated vegetable fats, stabilizers, flavors, etc.

Additional technological advantages of our products, namely skimmed milk powder 1.5% and demineralized dry whey with a demineralization level of 40%, include an improved drying method: our product has an even grain size distribution, does not form lumps, and dissolves well even in cold water.
